Thank You, 2025–2026. Welcome, 2026–2027!

Dear Parents, Alumni, and Friends of the Foundation,

As we open the doors to a new school year, we take a moment to reflect on an incredible year of student achievements—and look forward to the promise of 2026–2027.

From thrilling robotics competitions and student startups to life-changing scholarships and memorable graduation moments, this past year highlighted the immense talent and determination across our five campuses. None of this would be possible without you. Our dedicated educators, passionate families, generous donors, and tireless volunteers prove that when a community unites, every student gets the opportunity to thrive.

Be sure to stop by our tables at upcoming New Parent Orientations and Back-to-School Nights to connect with us and learn more!

One Student's Spark. A Lifetime of Impact.

From Robotics Student to CEO: Anna Shaposhnik's Story

What happens when a community chooses to invest in a student's dream? Years ago, **Anna Shaposhnik** sat in an FUHSD classroom, discovering her passion for engineering on her high school robotics team. She dreamed big—even championing the vision for an all-district Robotics Center.

Today, Anna is the CEO of Orbes. And this past year, she returned to our district to celebrate the groundbreaking of that *very same* Robotics Center facility she envisioned as a student!

Anna's journey proves that when you donate, you aren't just buying equipment—**you are launching future CEOs, engineers, scientists, and community visionaries.**

"For more than a decade, the Foundation has proudly supported robotics programs across all five high schools, investing approximately $35,000 each year. Every robot built and every program funded represents a direct investment in the future."

Thank You Note from FUHSD Superintendent

> I appreciate The Fremont Foundation's generous donation and steadfast support of the FUHSD students and schools. Your investment helps expand opportunities, enrich

educational experiences, and positively impact the lives of our students. On behalf of our Board of Trustees, staff, students, and families, thank you for your partnership and commitment to public education. Your generosity is truly making a difference.

— Graham Clark, FUHSD Superintendent
